

Implement Spring Security with Authentication:

Outputs:

Spring security login-

A screenshot of a web browser window showing a login page. The address bar displays 'localhost:8090/login'. The page has a light gray background. In the center, there is a white box containing the text 'Please sign in'. Below this text are two input fields: 'Username' and 'Password'. At the bottom of the white box is a blue button labeled 'Sign in'.

Homepage:

A screenshot of a web browser window showing the homepage. The address bar displays 'localhost:8090'. The page has a light blue background. In the center, there is a white box containing the text 'Spring Security' at the top. Below it, the text 'Login below to access the user's table' is displayed. At the bottom of the white box are two input fields: 'Name' and 'Password', followed by a button labeled 'Enter'.

A screenshot of a web browser window showing the homepage, similar to the previous one. The address bar displays 'localhost:8090'. The page has a light blue background. In the center, there is a white box containing the text 'Spring Security' at the top. Below it, the text 'Login below to access the user's table' is displayed. At the bottom of the white box are two input fields: 'Name' and 'Password', followed by a button labeled 'Enter'. The 'Name' field contains the text 'akram' and the 'Password' field contains the text 'akram123'.

Login success:

The screenshot shows a web browser window with the address bar displaying 'localhost:3030/index'. The page has a light blue header with the title 'Search for a User By ID'. Below the header, a light gray box contains the following content:

Login Success
View user table [here](#)

Enter an id from the table:

Login by user Id:

This screenshot is identical to the previous one, but the text input field now contains the value '1'.

Update:

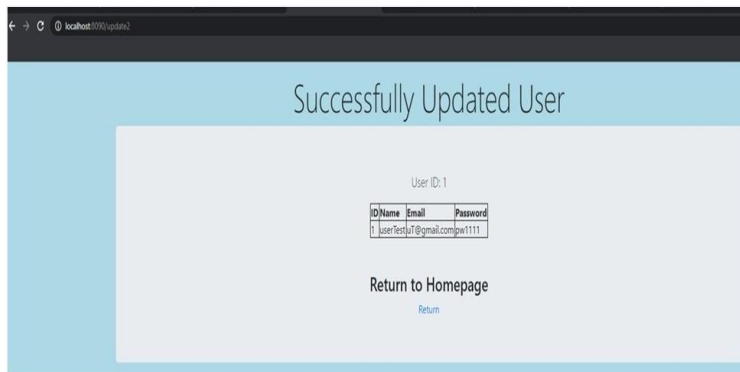

The screenshot shows a web browser window with the address bar displaying 'localhost:3030/update'. The page has a light blue header with the title 'Update Table'. Below the header, a light gray box contains the following content:

User ID: 1

ID	Name	Email	Password
1	user	test@gmail.com	pass1234

Edit user: 1

Id updated:

Login denied:
